<b>General Notes on access and age representation</b> .....	v
<b>Contents</b> .....	vi

### INTRODUCTION

#### **Introduction**

J.W. Merritt, W.A. Mitchell and S. Lukas.....	1
---	---

#### **The Bedrock Geology of the Northern Grampian Highlands**

A.G. Leslie.....	18
------------------	----

#### **Preglacial relief elements in the Gaick Forest**

A.M. Hall.....	23
----------------	----

#### **Quaternary landscape evolution - Plateau dissection by glacial breaching**

A.M. Hall and D. Jarman.....	26
------------------------------	----

#### **The Drumochter high plateaux**

S.M. Morrocco.....	41
--------------------	----

#### **Dating deglaciation in Strath Spey and the Cairngorm Mountains**

J.D. Everest and N.R. Golledge.....	50
-------------------------------------	----

#### **The pattern of deglaciation across the Gaick Plateau**

J.W. Merritt.....	58
-------------------	----

#### **The pattern of deglaciation around the Pass of Drumochter**

S. Lukas.....	68
---------------	----

#### **The pattern of deglaciation across the Upper Garry catchment**

W.A. Mitchell.....	78
--------------------	----

#### **The age of the landforms in the Central Grampian Highlands – a synthesis**

J.W. Merritt, S. Lukas and W.A. Mitchell.....	85
---	----

## SITES ON AND AROUND THE GAICK PLATEAU

<b>A guide to the geomorphology of the central breach through the Gaick Plateau</b> J.W. Merritt.....	92
<b>Rock slope failures of the Gaick Pass</b> D. Jarman.....	103
<b>A guide to the geomorphology and glacial geology of the Edendon valley</b> J.W. Merritt.....	118
<b>The Edendon alluvial fan</b> C.K. Ballantyne.....	122
<b>The glacial stratigraphy along the southern margin of the Gaick Plateau</b> J.W. Merritt.....	133
<b>Excursions into the eastern Gaick</b> J.W. Merritt.....	139
<b>The geomorphology and Quaternary geology of the upper Feshie and northern Gaick</b> N.R. Golledge.....	144

## SITES AROUND THE PASS OF DRUMOCHTER

<b>Evidence for a former ice-dammed lake in Coire Mhic-sith</b> S. Lukas and J.W. Merritt.....	149
<b>Evidence for interlobate deposition during ice retreat in northern Glen Truim</b> S. Lukas.....	159
<b>Drumochter Mast</b> W.A. Mitchell and S. Lukas.....	163
<b>The Drumochter debris cones</b> C.K. Ballantyne.....	171
<b>Landforms around Dalnaspidal Lodge</b> S. Lukas.....	174
<b>A guide to the geomorphology and glacial geology of the Allt Cuaich catchment and the Gaick Plateau</b> J.W. Merritt.....	180

**SITES AROUND THE WEST DRUMOCHTER HILLS**

**The glacial geomorphology of the Upper Garry and northern side of  
Loch Rannoch**

W.A. Mitchell, J.W. Merritt.....190

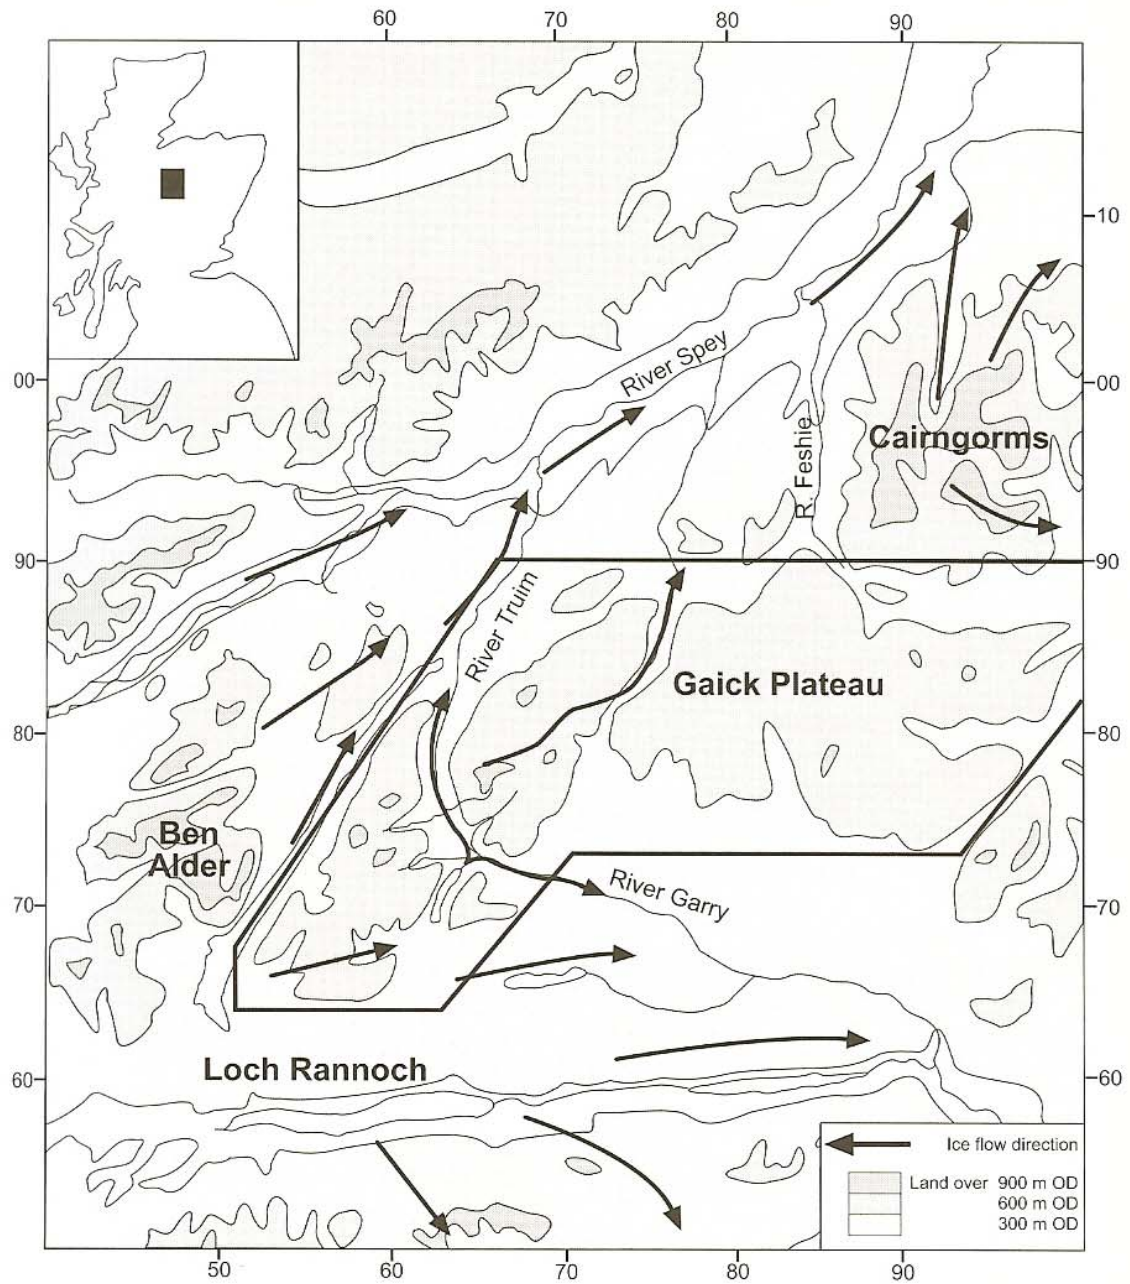

**Evidence for an independent West Drumochter icefield**

D.I. Benn and C.K. Ballantyne.....200

**Evidence for an independent West Drumochter icefield  
– a response to Benn and Ballantyne**

W.A. Mitchell.....210
