### Section A: Techniques and Methodologies

1. **Description, measurement and analysis of glacitectonically deformed sequences**
   E. Phillips and J.R. Lee
   
2. **Micromorphological analysis of deformation structures**
   A. Ferguson, J.J.M. van der Meer and E. Phillips
   
3. **Macrostructural Analysis: unravelling polyphase glacitectonic histories**
   
4. **Examples of Macrostructural Analysis**
   **Example 1: Styles of structural deformation and syn-tectonic sedimentation around the margins of the Late Devensian Irish Sea Ice stream: the Isle of Man, Llyn Peninsula and County Wexford**
   G.S.P. Thomas and R.C. Chiverrell
   
   **Example 2: Polyphase deformation at Killiney, Ireland**
   J.J.M. van der Meer, K. Rijsdijk and W.P. Warren
   
### Section B: Glacitectonics from Northeast Norfolk

5. **An Introduction to the glacial geology and history of glacitectonic research in Northeast Norfolk**
   J.R Lee, E. Phillips, H. M. Evans and D. Vaughan-Hirsch
