

NON-MARINE OSTRACODS
& QUATERNARY
PALAEOENVIRONMENTS

H. I. GRIFFITHS & J. A. HOLMES

Quaternary Research Association

Technical Guide No. 8

CONTENTS

Chapter 1 INTRODUCTION	
1.1	Aims and scope of the guide 1
1.2	Historical background 2
1.3	Ostracods, palaeohydrology and palaeoclimate 4
Chapter 2 STRUCTURE, ANATOMY AND TAXONOMY	
2.1	Structure of the valves 7
2.2	Anatomy of the soft body parts 12
2.3	Taxonomy 16
2.4	Regional literature 19
2.5	Systematic check-list of non-marine Ostracoda from Britain 20
2.6	Keys to non-marine Ostracoda from the Quaternary and modern faunasof the British Isles 26
Chapter 3 LIFE HISTORY AND ECOLOGY	
3.1	Reproduction 43
3.2	Growth and development 45
3.3	Life History 46
3.4	Ecology 49
Chapter 4 BIOGEOGRAPHY, BIOSTRATIGRAPHY & PALAEOECOLOGY	
4.1	Biogeography 63
4.2	Biostratigraphy 68
4.3	Palaeoecology 72
Chapter 5 SAMPLE COLLECTION, PROCESSING AND ANALYSIS	
5.1	Recent ostracods 83
5.2	Subfossil ostracods 87
5.3	Data presentation, processing and analysis 91
Chapter 6 GEOCHEMISTRY OF OSTRACOD SHELLS	
6.1	Introduction 99
6.2	Shell extraction, selection and cleaning 100
6.3	Trace-element chemistry 102
6.4	Oxygen and carbon isotope analysis 112
6.5	Ostracod shell chemistry and palaeolimnology 117
